UTAH LABOR COMMISSION OPEN MEETING

WEDNESDAY, OCTOBER 14, 2009, 10:00 A.M.
MAIN CONFERENCE ROOM
3RD Floor, Heber M. Wells Building
160 East 300 South, Salt Lake City, Utah

AGENDA

Conducting: Commissioner Sherrie Hayashi

1. Amendments to Labor Commission Industrial Accidents Rule 612-4, "Premium Rates."

This rule amendment sets premium assessment rates for the 2010 calendar year to fund the Uninsured Employers Fund and the Employers' Reinsurance Fund.

2. Repeal and re-enactment of Labor Commission Industrial Accidents Rule 612-2, "Procedural Rules for Reemployment Act."

This repeal and re-enactment of Rule 612-2 implements the new reporting requirements established by the *Utah Injured Worker Reemployment Act*, Title 34A, Chapter 8a, Utah Code Annotated, as amended by the 2009 Utah Legislature.

3. Amendment to Labor Commission Occupational Safety & Health Rule 614-2-11, "Drilling Industry--Walking, Working Surfaces."

This amendment makes Utah safety standards for the drilling industry consistent with federal standards by requiring guarding for open-sided floors, platforms and runways that are four feet or more above the adjacent surface level. Utah's current rule requires such guarding at six feet of elevation.

In compliance with the Americans with Disabilities Act, persons needing auxiliary communicative aids and services for these meetings should call Robyn Barkdull, Utah Labor Commission, (801) 530-6815, at least three working days prior to the meeting.
